

MEET YOUR PERIODONTIST

“When I became a dentist, I made a commitment to promote good oral health for everybody. As an experienced periodontist, I know now better than ever how important my heartfelt concern is to that objective. Because I’m a specialist, you and your dentist count on me to make scientifically sound decisions that will benefit your oral health. The trust you put in me motivates me to understand your unique needs...and give my personal best each day.”

JOAN M. LEWIS, DDS, MSD

SPECIALTY BOARD-CERTIFIED: Periodontics, State of Michigan

INFORMATION AND EDUCATION ARE ESSENTIAL TO THE GREAT RESULTS YOU DESERVE!

“My patients tell me they appreciate the way I can take a complex situation concerning their periodontal health and explain it in a way that’s easy to understand, and I appreciate the compliment. I consider it one of the most important aspects of your care...making sure you are completely informed.”

“It is important that you know the status of your periodontal health as well as the pros and cons of all your treatments options. After we determine your treatment plan and begin your care, you will always know exactly what to expect, every step of the way. When you are comfortable and when you understand that you are receiving the treatment that is best for your situation...then I know I am providing you the finest care I can offer.”

DDS: University of Detroit School of Dentistry, Detroit MI. 1986

Residency: Periodontics, Case Western Reserve School of Dentistry, Cleveland, OH, 1988-1991

MS: Dentistry, Case Western Reserve School of Dentistry, Cleveland, OH 1991
